PRESS RELEASE

Environmental Refuelling Systems Inc. Announces Ownership Change and New Board Appointments

New focus on innovation in fuel services and products.

Calgary, September 8, 2016: Environmental Refuelling Systems Inc. (ERS) announces that Scott Van Vliet, a company founder, has acquired major ownership of ERS. Mr. Van Vliet assumes the role of Chief Executive Officer and Chairman of the Board, and will focus more of his time on the strategic direction of ERS, repositioning the business in the petroleum distribution market. *"We want to be a world class petroleum products and distribution company. Through technology development and innovation ERS intends to be at the forefront of the petroleum distribution industry"* (Scott Van Vliet). Joining the ERS team is Mark George, formerly of PWC, who has accepted the role of President and Chief Operating Officer and will lead the daily business activity of ERS. Mr. George is a proven business leader with global experience in both public and private companies.

Scott Van Vliet has also announced a new Board of Directors. *"We not only welcome Mark George to our Board but are honored to have Doug McNeill and Gordon Wilson also accept positions with the ERS Board."* Mr. McNeill is currently the Chief Strategic Officer for Stream-Flo Industries Ltd. and has spent many years in the Energy Industry at home and abroad. Gordon Wilson is a well know business man from Edmonton and has acted as President and CEO of several Western Canadian companies and is currently the Chairman of the Board of Governors for Northlands.
